HOSE AND CORD REELS

Hose and Cable Reels for a Safer Workplace

Engineered Confidence

Featured Products

SAFETY

Reduce accidents and insurance expenses: slip, trips and falls are the leading cause of work stoppage losses in industry

INCREASE PRODUCTIVITY

Locate hoses and cords where and when you need them increasing productivity

EFFICIENCY

An organised, clean workplace is proven to be more efficient.

PROTECT EQUIPMENT

The use of hose reels will minimize damage to hose and cables.

STOP LEAKAGES

The use of hose reels can reduce the threat of expensive air and water leakage.

Barrier Reels

Fitted with 15 metres of 50mm wide woven webbing (safety orange) or 15 metres of polyurethane chain (safety yellow), the ReCoila Barrier Reels are the ideal way to quickly & efficiently set up personnel safety barriers for areas that require regular guarding.

Hot Wash Water Reels

The Gen III HW series reels are specifically designed as the perfect solution for hot water washdown applications in food preparation areas. The open top and bottom allows for air circulation and reduces the build up of dirt and grime.

Electrical Cable Reels

The Gen III EL series reels are the perfect solution to ensuring cables and cords are stored safely when not in use. When cables and cords are left laying around they are easily damaged resulting in a potential electrocution.

Electrical Cord Reels

The Gen IV composite construction reels are world leaders in design, functionality, reliability and innovative features - at a very economical price. The Gen IV series is ideal for commercial and light duty applications.

BD series

DW series

Breathing Air & Drinking Water Reels

The Gen III BD series reels are ideally suited for supplying breathing grade air to air fed respirators to better manage the supply hose making it safer for the operator particularly in confined work areas. This reel is also used for shallow diving applications. The Gen III DW series reels are designed for the transfer of drinking water.

Air & Water Reels

ReCoila® Gen III AW series reels are the perfect solution for general workshop applications such as compressed air and cold water washdown.

Why the demand for Recoila hose, cord and cable reels?

ReCoila[®] hose, cord and cable reels offer you an economical and quality solution that will improve your safety record, improve Efficiencies, increase Productivity and reduce costly downtime.

The increasing demand for Hose, Cord and Cable REELS is being driven globally by work place Safety regulations and requirements, the need to reduce accidents, to protect workers and ultimately reduce insurance premiums for employers. Aside from increasing Safety, the use of ReCoila[®] reels will increase Efficiencies and Productivity through providing operators a more effective means of handling hoses, cords and cables in their workplace environment. Reduction in downtime and lower maintenance costs are an additional benefit of efficient hose management, minimizing damage to hoses and cables by using ReCoila[®] reels.

Over 3000 variations and models of Hose Reels, Cord Reels and Cable Reels

With such a huge range to choose from, ReCoila's[®] can service your needs from spring rewind, hydraulic motor rewind, 12 and 24 VDC electric motor rewind, air motor rewind, hand crank and reduction drive hand crank hose reels. Hose lengths to 150 metres (500ft) and diameters up to 50mm (2") in standard configurations as well as custom designed hose reels and cable reels for special applications.

Application versions include air hose reels, water hose reels, fire hose reels, lubrication, chemical and fuel reels amongst many other types of medium transfer.

The best advice, best value and best service

Our goal is to help you understand the features that make ReCoila[®] the market leader; and separates our hose reels from the rest. We offer real features and real benefits giving you the confidence that your choice in ReCoila[®] Reels is indeed the RIGHT one.

Custom Designed & Manufactured Facilities
